

Dear DECREE VI Mentor,

I hope this message finds you well. Thank you for your dedicated efforts in mentoring our scholars. Your guidance is crucial to their growth and success. As we aim to continually support and assess our scholars' progress, we would greatly appreciate your input on the following areas for each of your mentees:

- **Schedule and Frequency:** Details on how many times you have met with the scholars and the dates of these meetings.
- **Goals and Motivations:** An overview of the goals and motivations discussed during your meetings with each scholar.
- **Strategic Focus:** Key objectives for the scholar's development along with an evaluation of their innate capabilities and suggested areas for advancement.
- **Implemented Strategies:** A breakdown of the strategies put into action during your sessions.
- **Conclusions:** Your personal reflections on the development and achievements of each scholar throughout your interactions.

This information will help us refine our support strategies and prepare for upcoming review sessions.

We truly value your contribution to our scholars' development. If you have any questions or need clarification on the format of the report, please don't hesitate to contact me.

Best Regards,

Dr. Jose Sierra
